# Build Instructions

## How to compile

1. Turn on your computer and login to your operating system.

2. Click on the Windows icon to open the Start Menu, and type 'Visual Studio' on your keyboard.

3. Once the program has loaded, Click on 'Open Solution' button.

4. Locate the folder 'Ms. Palmer' on your computer.

5. Enter into the folder and locate the file named, 'Ms. Palmer.sln'

6. Select the file 'Ms. Palmer.sln' and click on the 'Open' button.

7. Wait for the program to load the solution.

8. Press CTRL+B at the same time on your keyboard to build the project.
